-This is a US Squash sanctioned event. All players must either be a member of US Squash or create an account with US Squash. There is no cost to you to "Create an Account", unless you choose to join, and it allows US Squash to track a player's tournament experience, develop a rating for that player and his / her opponents. Once you create an account you will not have to re-register.

To create an account:

1) Go to <http://www.ussquash.com/>

2) At the very top of the web site, and to the left, look for the navigation button "Join". When you scroll over "Join" select "Create an account". Click on either of the underlined "click here to create an account" lines in the text and follow their directions. You will need to give them your Name, Address, City, State, Country, Date of Birth, email address and create a user name and password. US Squash will send you an email to confirm the set up of your account.

Your Mother always said, "Don't play with
your vegetables, **Play Squash!**"
